Go Green

- Become paperless by posting all documents and lectures
- Reduce printing costs and department expense

Use the Assignments feature

Reduce assignment confusion and grading time

- Assignments are secure and time stamped
- Ease of use for grading

Connect with your students

- Reach your students easily through mass emails and Announcements
- Accommodate different learning styles

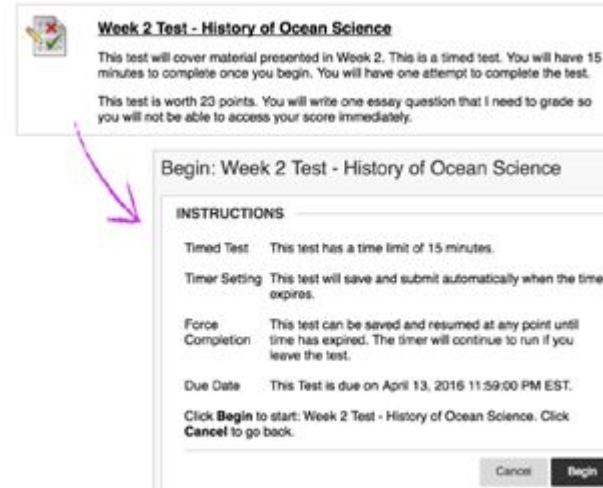

Increase student engagement

- Discussions, journals, and blogs
- Group tool

Tests, Quizzes, and Surveys

- Use the Test tool to set up self graded quizzes
- Make tests timed, randomize questions and randomize answers for increased protection against academic integrity violations
- Deliver surveys to get basic information or demographics on students

The Group tools for students in a group to communicate and collaborate

- Group email
- Group wiki
- Group file sharing
- Group discussion
- Group blog
- Group journals
- Group task lists
- Group chat

All group tools are private and can only be seen by group members and instructors

Publisher Tools in Blackboard

Blackboard

These tools are interactive, offer assignments associated directly with the text, supplements to Blackboard course materials, and integrated into the Blackboard Gradebook.

Courses

- Created in Blackboard when Cardinal Students assignments have been made
- Set as Unavailable when created – meaning students are not able to see them
 - Instructors can upload content, copy content from previous semesters, and make adjustments to the course while it is unavailable
 - Once the course is as desired, Instructors must make the course Available for students to see the course and all materials
- Student enrollments are populated daily from Cardinal Students

Content

- Instructors are responsible for getting content into the course either through uploading or copying previous semesters
- Tutorials are available online at: <http://computing.cua.edu/training/bb/index.cfm>

Technical Notes

- Use Chrome, Firefox, or Safari for best user experience
- **Internet Explorer is not supported due to compatibility issues**
- Make sure you see the CUA logo and picture before logging in

Course Materials for Faculty

Why adopt early?

Submitting adoptions on time helps your students

Faculty play a pivotal role in ensuring that students get the learning materials they need, in time for the first day of class, at a price they can afford. So why do we need all adoptions well in advance of the next term? Because, when faculty partner with us, their bookstore, and submit adoptions on time, this gives us time to:

Remedy

- common issues such as publisher shipping delays, edition changes, and out-of-stock titles.

Research

- hard-to-find, limited edition books and provide more options to choose from.

Source

- more books to make available as used and rental options. Our textbook rental program saves students more than 50% off the cost of buying a new book, and used books save students 25% off the new book price.

Pay

- students the highest price possible when selling their books back at the end of the term. If we know a professor will reuse books for multiple terms, this lets the current semester's students get the highest price available when they sell them back to the bookstore, often up to 50% of the new price.

For more information:

<http://computing.cua.edu/training/bb/faculty/bb-faculty-tools/courseMaterialsFaculty.cfm>

or contact the CUA Bookstore for more information or assistance: (202) 594-3300

Lecture Capture

Panopto™

Use Panopto to:

- Record your lectures (from anywhere!)
- Add voice-over to PowerPoints
- Create audio podcasts

Advantages of Panopto:

- Instructors may record and post everything to Blackboard easily
- Ideal for Distance Learning – online or blended
- Students can review material on their own time, multiple times
- Disability Services stamp of approval as it can reduce need for note-takers
- Easy to use and integrates with Blackboard
- Drop-box can be added for Student Recordings
- Viewer analytics are available

Plagiarism Detection

SafeAssign and **Turnitin** are Plagiarism Detection tools offered for faculty use at CUA:

- Effective as both a deterrent and an educational tool
- Prevent plagiarism
- Create opportunities to teach citing, paraphrasing, quoting, etc.
- Compare student papers against large databases of electronic academic materials

- Integrated into Blackboard
- Unable to distinguish between properly cited and plagiarized text
- Unable to catch false citations or made-up facts

- Not currently integrated into Blackboard
- More robust database

Instructional Technology Team – We can help!

- Course navigation and structure
- Tools: use and availability
- Guidance on learning styles
- Blackboard Best Practices
- 1:1 Tutorials
- Expertise on Educational Technology and implementation
- Urgent issue support

**Available by appointment
throughout the year**

Cardinal Students Faculty Center

The screenshot shows the 'Faculty Homepage' interface. At the top left, it says 'Cardinal Students' and 'Faculty Homepage'. On the right side of the header, there are icons for home, search, and a menu. Below the header, there are two main sections: 'Navigation Instructions' with a document icon, and 'Faculty Center' with an icon of a person surrounded by others. A callout box points to the 'Faculty Center' icon, stating: 'To access Faculty Center, select this icon'. Another callout box points to the menu icon in the top right, stating: 'Use the compass icon to access your full navigation menu.' A third callout box points to the menu icon, stating: 'If you are also CUA staff or a CUA student you can use this menu to toggle between your Staff, Student, and Faculty homepages.'

If you are also CUA staff or a CUA student you can use this menu to toggle between your Staff, Student, and Faculty homepages.

Academic Calendar

- Calendars (through Spring 2025) are available at <http://enrollmentservices.cua.edu/Registration-and-Records/AcademicCalendar.cfm>
- Administrative X-Days: Used to “even out” number of class days per term so that each day of the week meets an equal number of times
 - Fall 2019: Tuesday, October 15 = Administrative Monday
 - Classes follow a Monday schedule; Tuesday classes do NOT meet this week
 - Spring 2020: Tuesday, February 25 = Administrative Monday
 - Classes follow a MONDAY schedule; Tuesday classes do NOT meet
 - Yes, that means this week has TWO Mondays!

Final Exam Schedule

Final Exam Schedule:

<http://enrollmentservices.cua.edu/Registration-and-Records/FinalExams.cfm>

Final Exam Policy:

<http://policies.cua.edu/academicundergrad/finalexam.cfm>

- Exams must be held in the assigned time period and space.
 - Days/times are generally NOT the same as the class day/time
- No classes or required events may be held during final exams or on reading days.
- Instructors/students with exam conflicts should contact their academic dean's office as soon as possible.

Enrollment Issues

Consent Requirement – permission must be granted (in Cardinal Station) to each individual student prior to enrollment

Catalog Requisites – students must meet requirements listed in catalog or secure permission (in Cardinal Station) prior to enrollment

Reserve Seating – seats may be reserved for students meeting certain criteria

All of the above are managed by the individual academic departments.
Please do not refer students to Enrollment Services.

FERPA

Family Educational Rights and Privacy Act

- Federal law affording students rights to their student records, **including the right to privacy of the record**
- Non-directory information can not be disclosed to a third party (**including parents**) without the student's written consent
- Directory information includes:
 - Name
 - Address (local, permanent, email)

Wireless Networking

CUA-SECURE

- Wireless network open to CUA faculty, staff, and students only.
- Technology Services recommends that all faculty, staff, and students use this network (using your Cardinal Credentials).
- When you change your password (every six months), you will need to update your password on your devices connected to CUA-Secure.

CUA-GUEST

- This network is targeted to visitors and guests, but is open to the entire CUA community.
- Access is limited to internet only (similar to a Starbucks or cafe).

EDUROAM

- An international roaming service for higher education and research when visiting other institutions.

Please visit <https://technology.catholic.edu/resources/wireless.html> for more information.

Network Printing

Departments have large, high-speed, leased Ricoh multifunction printing devices for copying, scanning and network printing.

Directly attached (via usb) printers are not supported.

Technology Services – Information Security

Andrew Salzman
Information Security Officer/
Director of User Services

Overview

- What data should you be worried about protecting? – *protect critical information*
- Types of protection measures – *preventative, during and after an incident*
- Why is news important? – *information and alerts, natural disasters – where are your critical documents and data?*
- Regulatory and ethical obligations – *do what is 'right' (not easy necessarily) and when in doubt 'ask questions'*
- Empower yourself

What Kinds of Data Do We Handle?

Personal/Institutional Responsibility

Investigating and understanding risks:

- Analyze contracts and agreements
- Insurance, liability and indemnity
- Terms and Conditions
- Engage competent trust advisors
- Understand breach notification policy and processes

Follow policy and procedures to mitigate risks:

- Share information on a 'need to know' basis
- Verify authority (Identification, callback)
- Safe deposit box, backup data, encrypt, strong passwords
- Shred securely
- Degauss or destroy electronic storage

One Thing to Do

Stronger security for your Google Account

With 2-Step Verification, you'll protect your account with both your password and your phone

Why you need it

How it works

How it protects you

It's easier than you think for someone to steal your password

Any of these common actions could put you at risk of having your password stolen:

- Using the same password on more than one site
- Downloading software from the Internet
- Clicking on links in email messages

2-Step Verification can help keep bad guys out, even if they have your password.
