Addendum

The following information was omitted from the undergraduate and graduate announcements for the 2022-2023 academic year.

The university is certified to operate by SCHEV, the State Council of Higher Education for Virginia.

A student cannot be awarded greater than 30% of credit for life experience. A credentialed and course-qualified academic advisor is available to meet student concerns, and student contact with an advisor by any method will elicit a timely response within a reasonable time.

The university's grievance procedure can be found at <https://enrollment-services.catholic.edu/students/complaint-procedure/index.html>

A student can contact SCHEV as a final resort in seeking resolution after the internal process is exhausted. The institution will not retaliate against a student for initiating a complaint.
