### How to Determine Proper Session

All Internships, Independent Study, Directed Research, and Thesis/Dissertation Research courses should be scheduled in Session 114.

For other classes, use the table below to determine the appropriate session. First, find the date range in the blue row in which the class start date falls. Next, find the date range in the orange column in which the class end date falls. The field where the two ranges intersect in the table will display the session in which the class should be scheduled.

Departments are encouraged to schedule classes in the yellow sessions rather than in Dynamically Dated sections whenever possible. Student enrollment in overlapping sessions is limited, so avoiding DD sessions (which overlap with the yellow sessions) enables increased enrollment.
